JOHN A. CONNOR was a man who enriched the lives of many, and his loss was deeply felt by all who knew him. He was not only a dedicated and beloved husband and father, but also a dedicated and respected teacher and community member. He gave willingly his time, energy, and concern and will be fondly remembered by the administration, faculty, students, community, and family.

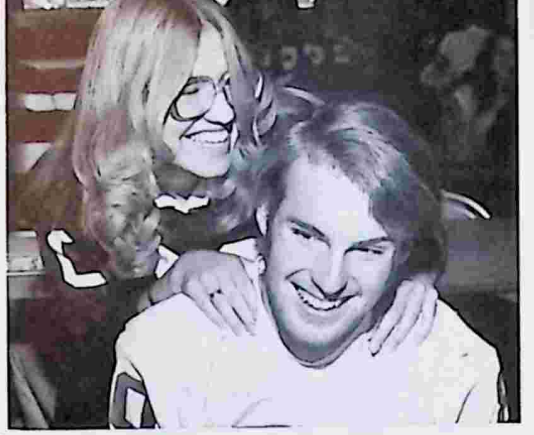

Jack's varied experiences and interests reflect the enthusiasm he felt for life. At various times, he was involved in supervising youth activities through scouting and athletics. He also served as director of the CETA program, senior class advisor, and chaperone for many years.

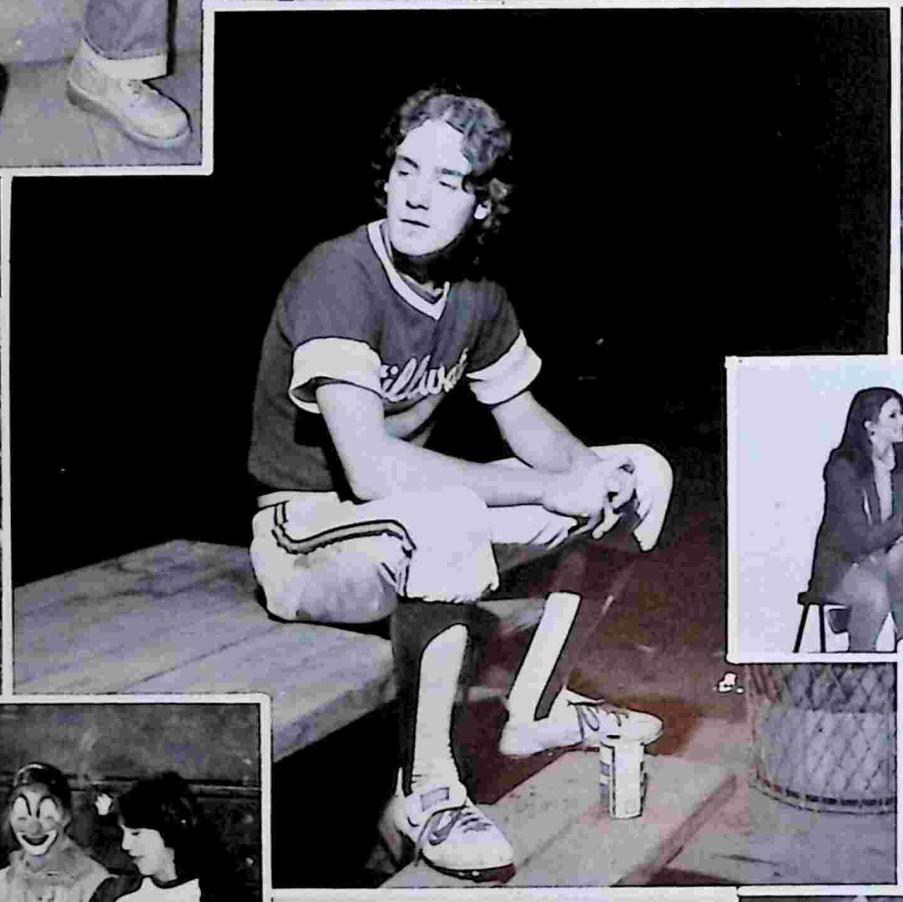

Jack did a great deal of voluntary work for the Church and community. As a communicant of St. Peters Church, he devoted time to the success of Wednesday evening bingo, and belonged to several church organizations. He also worked for the ambulance squad and frequently donated his sign painting, and artistic talent to various organizations, such as the Historical Society.

Jack was a man who gave much of himself. He will live in the memories of many.

CLASS DAY '80

Memories are heartbeats sounding through the years,
Echoes never fading, of our smiles and our tears.
Moments that are captured, sometimes unaware
Pictures in an album, or a lock of hair.
Images that linger deep within the mind,
Bits of verse we cherished, once upon a time.
Through the musty hallways, of the days we knew.
Ever comes the vision, beautiful and true.
Memories are roses blooming evermore,
Full of fragrant sweetness, never known before.
Life must have a meaning, goals for which to strive,
Memories are lights that burn, to keep the heart alive.

I'd Love to Change the World

Recorded and Written
by Alvin Lee

Everywhere is freaks and hairies. Tell me where is sanity? Tax the rich, feed the poor, till there are no rich, no more.

I'd love to change the world, but I don't know what to do. So, I leave it up to you.

Population keeps on breeding, nation bleeding, still wants me to call on me. Life is funny, skies are sunny, bees make honey, oh, oh, it sure is funny.

REFRAIN: I'd love to change the world, but I don't know what to do. So, I leave it up to you.
Oh, yeah!

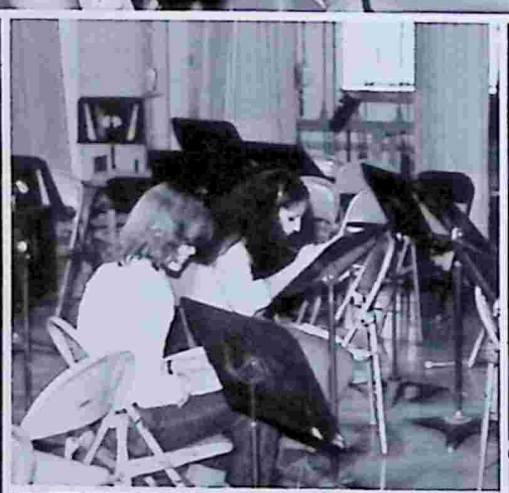

More polution, no solution, institution and execution stay, Of wine for the rich or poor, that there never was.

Without his enthusiasm, dedication, and expertise with the camera, the yearbook certainly wouldn't be what it is today. The yearbook staff and student body appreciate all you've done, Dave.

ATHLETIC ATTIC HAS AMERICA RUNNING TO ITS DOORS

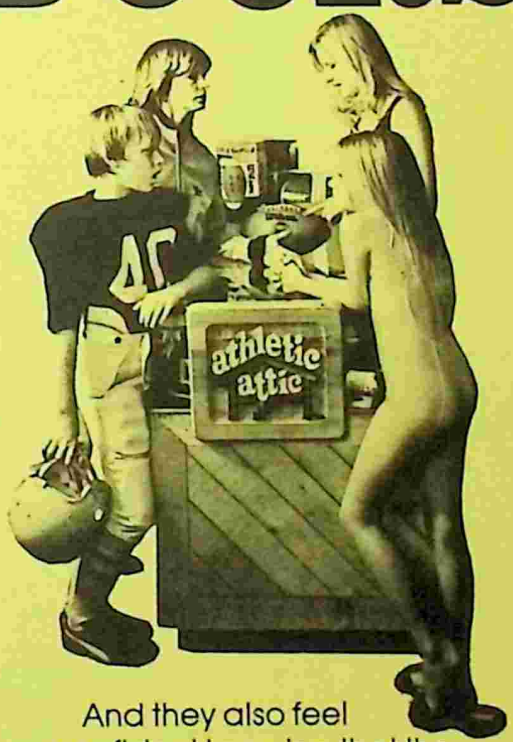

It's true. There are Athletic Attics all across America. And active people everywhere are running to their doors.

Why? Because they are quickly finding that Athletic Attic offers them something more. Something special.

Like the unusually broad selection of top quality, hard-to-find equipment for every popular sport. Shoes, stylish and functional sports apparel, racquets, balls, popular sports books and many other items are all available at Athletic Attic.

And they also feel confident knowing that the people who run the Athletic Attic Company are folks like Olympic Coach Jimmy Carnes. And World class runner Marty Liquori.

And last but not least is **our** experience. We operate your local 'Attic. We participate in the same sports activities as you. And our extensive experience in athletics enables us to provide helpful advice in the selection of all your sports needs.

So when you visit our Athletic Attic Store, not only have the products been approved by the top coaches and athletes in America . . . they have been selected by us.

And we know what you like.

Run over and see us today!
