Class Song: In My Life

There are places I remember all my life,
Though some have changed,
Some forever, not for better,
Some have gone and some remain.

All these places had their moments
With lovers and friends I still can recall
Some are dead and some are living.
In my life I've loved them all.

But of all these friends and lovers,
There is no one who compares with you,
And these memories lose their meaning
When I think of love as something new.

Though I know I'll never lose affection
For people and things that went before,
I know I'll often stop and think about them,
In my life I'll love you more.

Though I know I'll never lose affection
For people and things that went before,
I know I'll often stop and think about them,
In my life I'll love you more.
In my life I'll love you more.

Class Motto: Take the world as
you find it but
leave it a better
place.

THE SECRETS TO GETTING IN SHAPE:

1. THE RIGHT ATTITUDE
2. THE RIGHT EQUIPMENT

If you've made up your mind to get in shape—Athletic Attic is the place to start. In fact, we can actually make it easier!

You see, improper equipment is one of the main reasons people find getting in shape so difficult.

For example, if you have never run in a pair of shoes designed specifically for running, you are probably working much harder than you should.

The real secret to getting in shape is making physical activity enjoyable. Nothing does that quicker, or more effectively, than the right equipment.

And no one can provide you with just the right equipment for your favorite activity better than Athletic Attic.

We stock a complete selection, including many hard-to-find items that are available nowhere else.

So if you've resolved to look and feel better, let Athletic Attic make it easy for you. Why not start right now?
