MANY FACES OF SAM

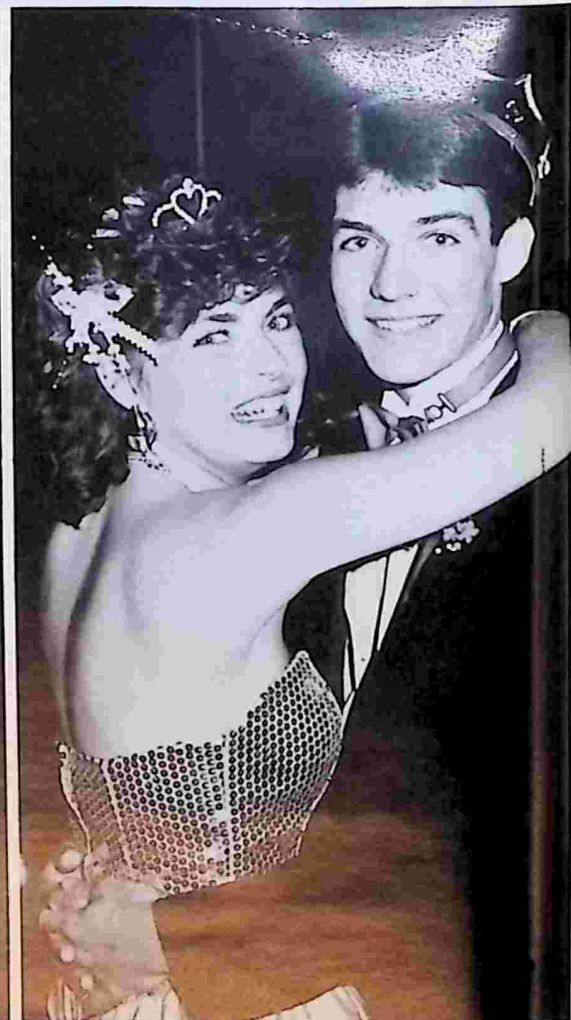

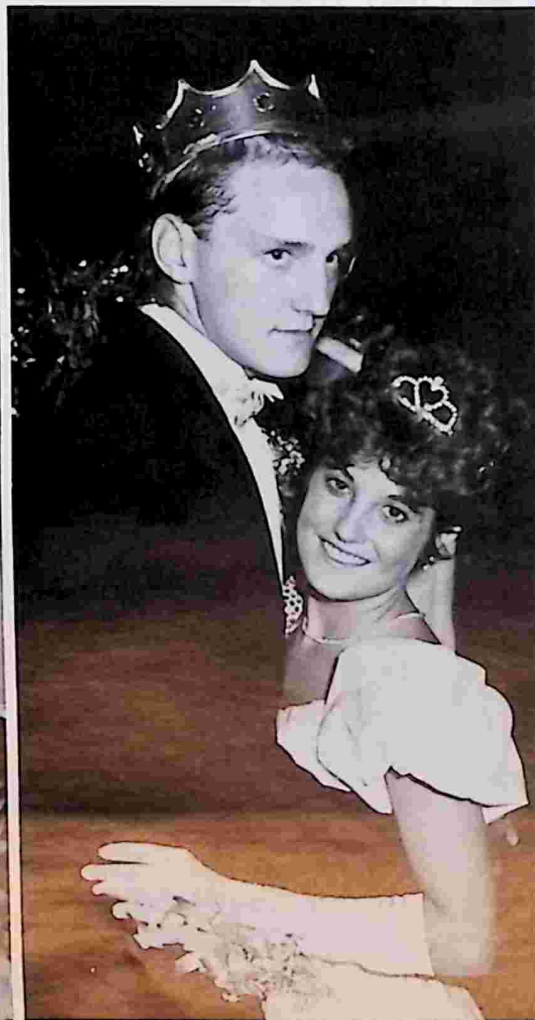

DEDICATION

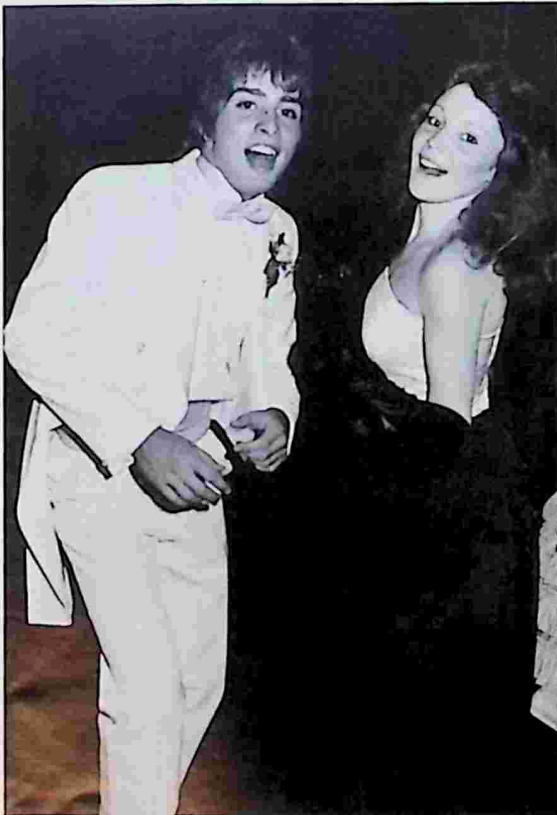

There's a teacher where we go to school,
All of the students think he's really cool.
He prefers Sam over Mr. Houston its clear,
He makes that known the first day of the year.
It seems as if he never ages,
And in our new books he makes us underline pages.
At times he can be very stern,
But this may be because he's helping us learn.
He likes to flirt and play with the girl's ears,
And when he sees we have troubles he'll wipe away the tears.
His teaching tactics have much to be desired.
He may have been impeached if he hadn't retired.
From him we took Ancient History & some Economics.
Some days it seemed as if we were reading the comics.
He showed movies often in his class.
It was part of his plan to help us pass.
We'll always remember the stories he could tell.
Some lasted to the ring of the bell.
He's leaving S-H-S to much of our dismay.
Though in our hearts we wish he would stay.
When we graduate it's him we'll miss.
That's why on Class Day we're all gonna give him a great big
Kiss!

SENIOR TRADITIONS

CLASS SONG

CHANGES

Changes, Time's making changes in my life
Rearranging, can't seem to stop the hands of time
I remember I was so young
I was much too young to see
Now I'm older, growing older
And I see things differently

Can't you see, It's changing you and me
Time's making changes
Time's making changes in my life
Time's rearranging, changing you and me

Faces, strange faces cloud my mind
Empty traces make it hard for me to find
Somewhere in the distance, Is there someone who awaits?
For that moment, I am taken over by the hands of fate

Can't you see, The world's changing you and me
Time's making changes
Times making changes in my life
Time's rearranging, changing you and me

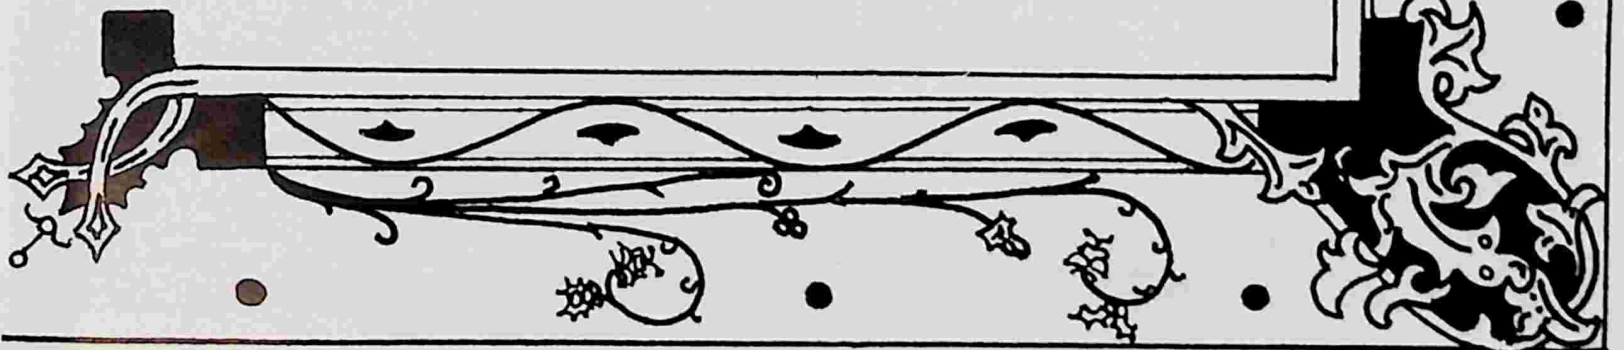

Nothing ever stays the same, It's always gonna change
I'm on my way . . .

Changes, Time's making changes in my life
Rearranging, Always changing, can't seem to
stop the hands of time
Can't you see, It's changing differently . . .

In this world of casual carelessness
it's discouraging to try
To keep our morals and standards
and our Ideals High . . .
We are ridiculed and laughed at
by the smart sophisticate
Who proclaims in brittle banter
that such things are
out of date . . .
But no life is worth living
unless it's built on truth,
And we lay our life's foundation
in the golden years of youth.
