

TIME TO FLY

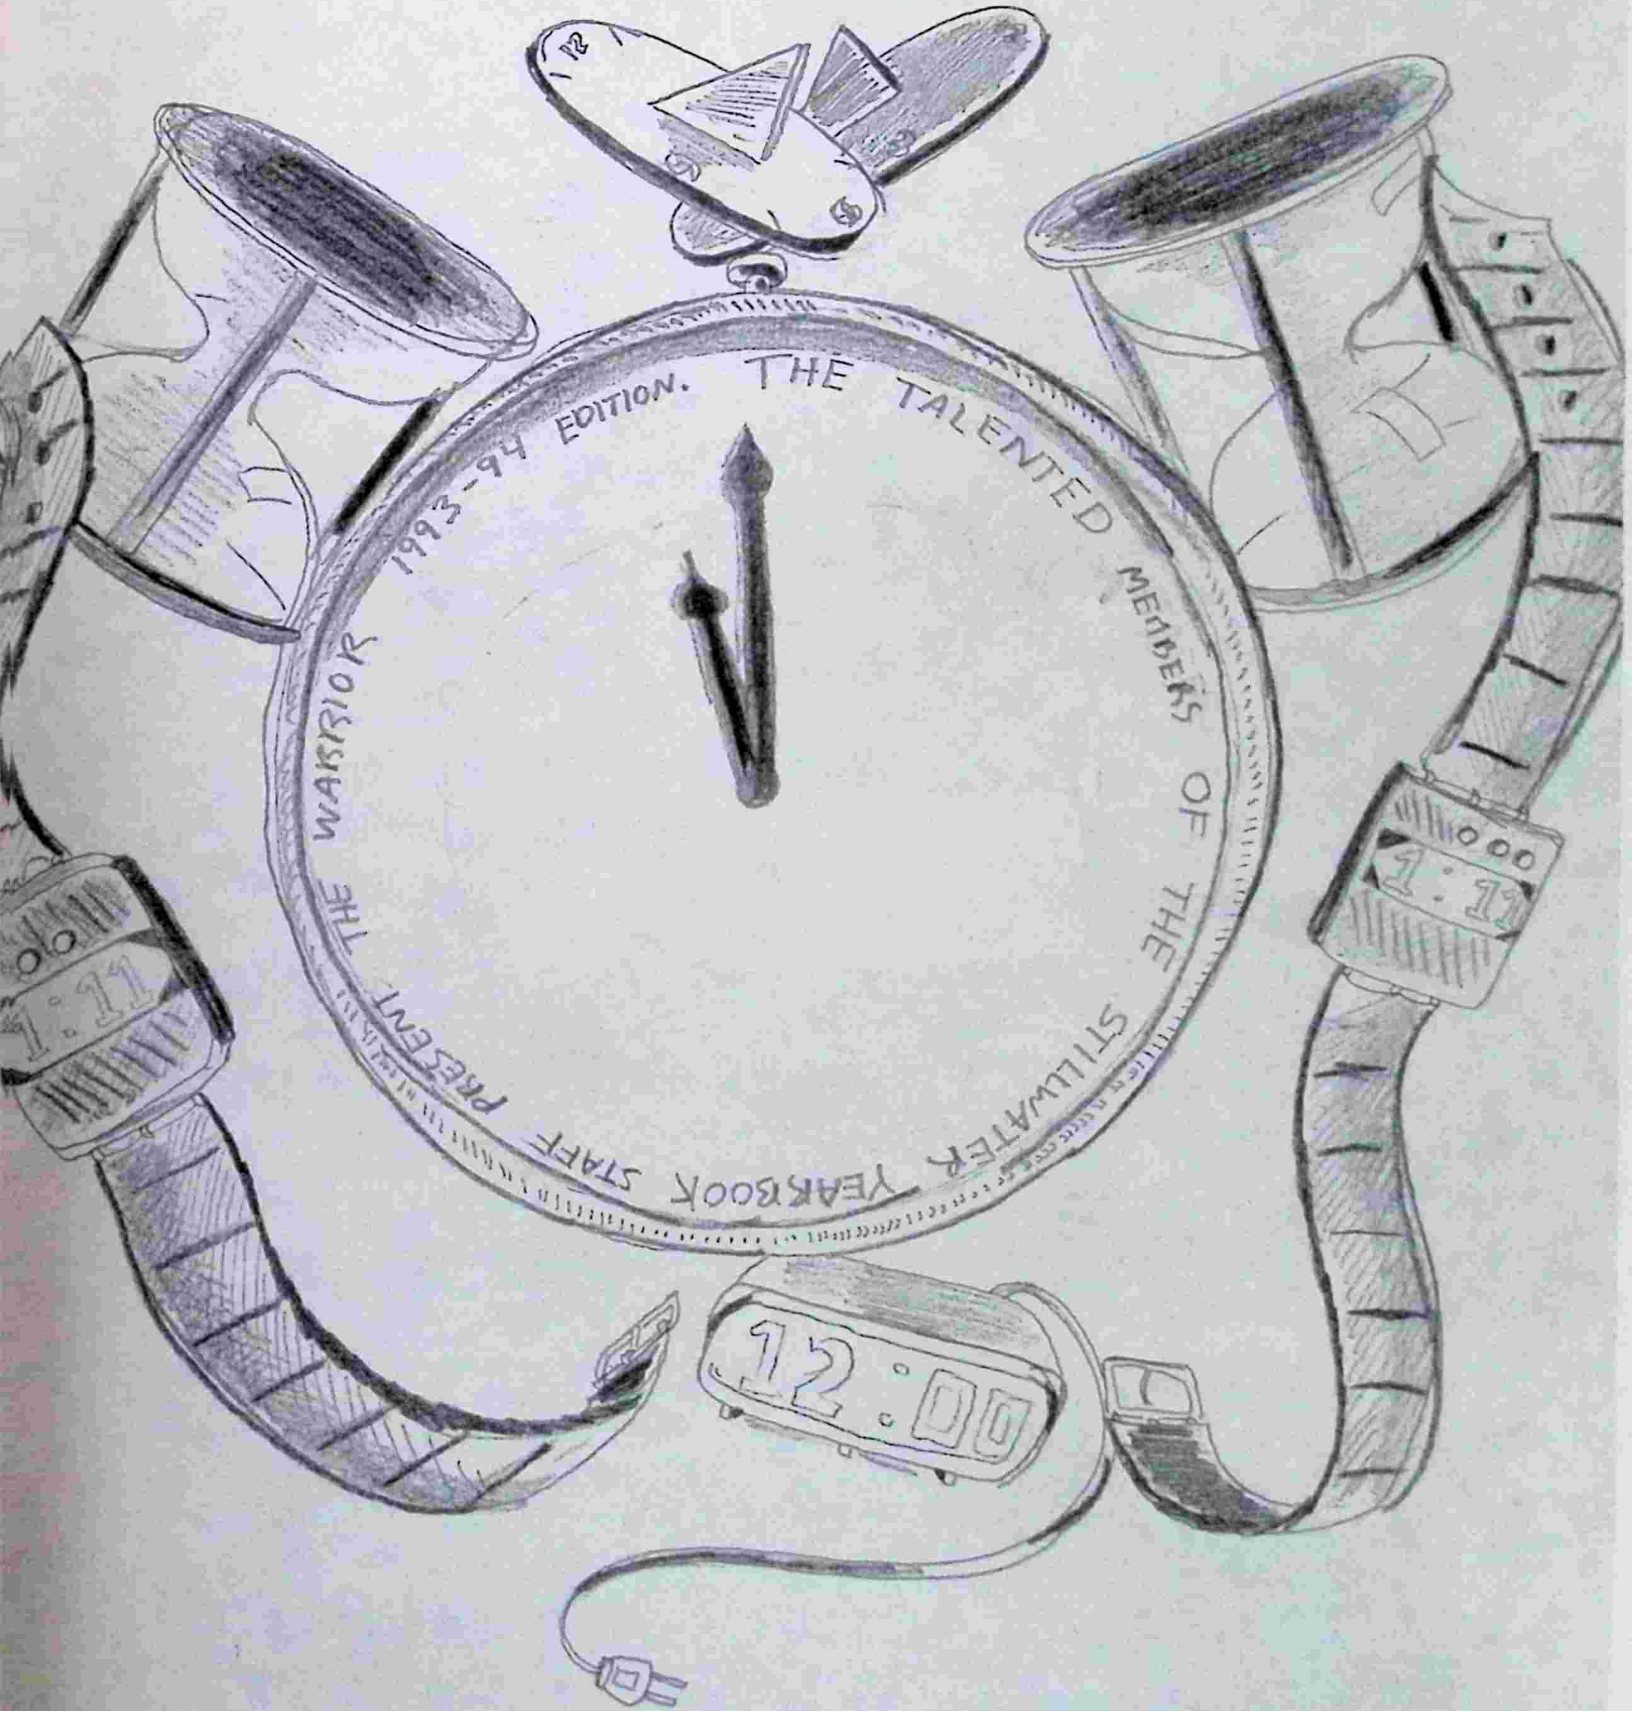

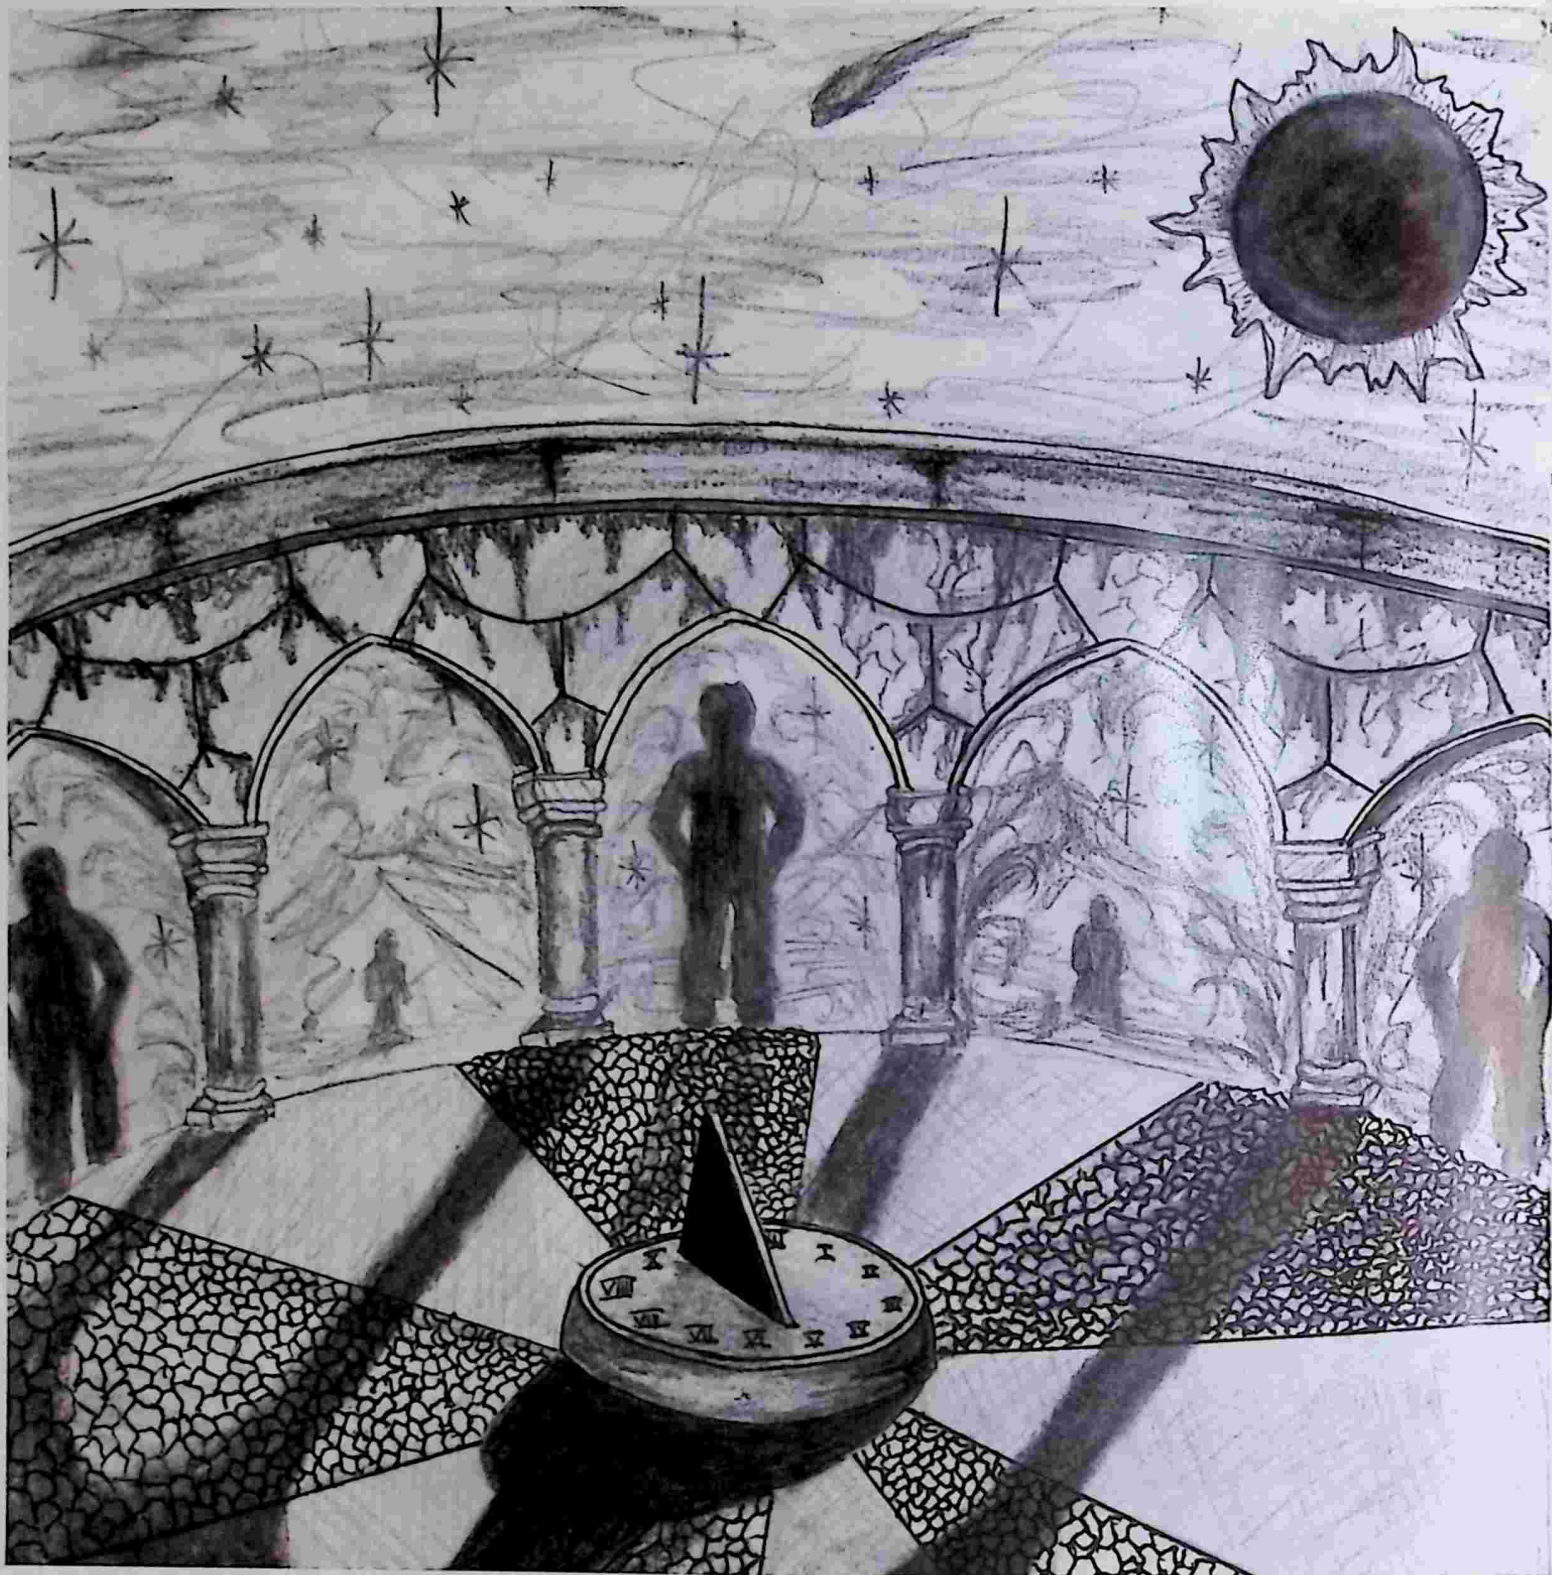

HISTORICAL SOCIETY

Class of 94 — They won't accomplish a thing.
To those of you who thought of us this way — To you this message we bring.
We will go our separate ways.
Yet, together we'll always be one.
We will persevere our future's greatly.
Yet never forget all we've done.
This is our world.
We have to make it the best we can.
We will take responsibility for ourselves.
But, never forget there is that helping hand.
We are not looking for perfection.
For there is none to be found you see.
Remember when you look at us we'll always be ...
Standing tall with all the winners.
Shining bright because we all have won.
Responsibility, Respect, Education, Leadership, Friends, and Fun.
Farewell all, but not for long.
What did we accomplish?
We survived 13 long years and proved you wrong.

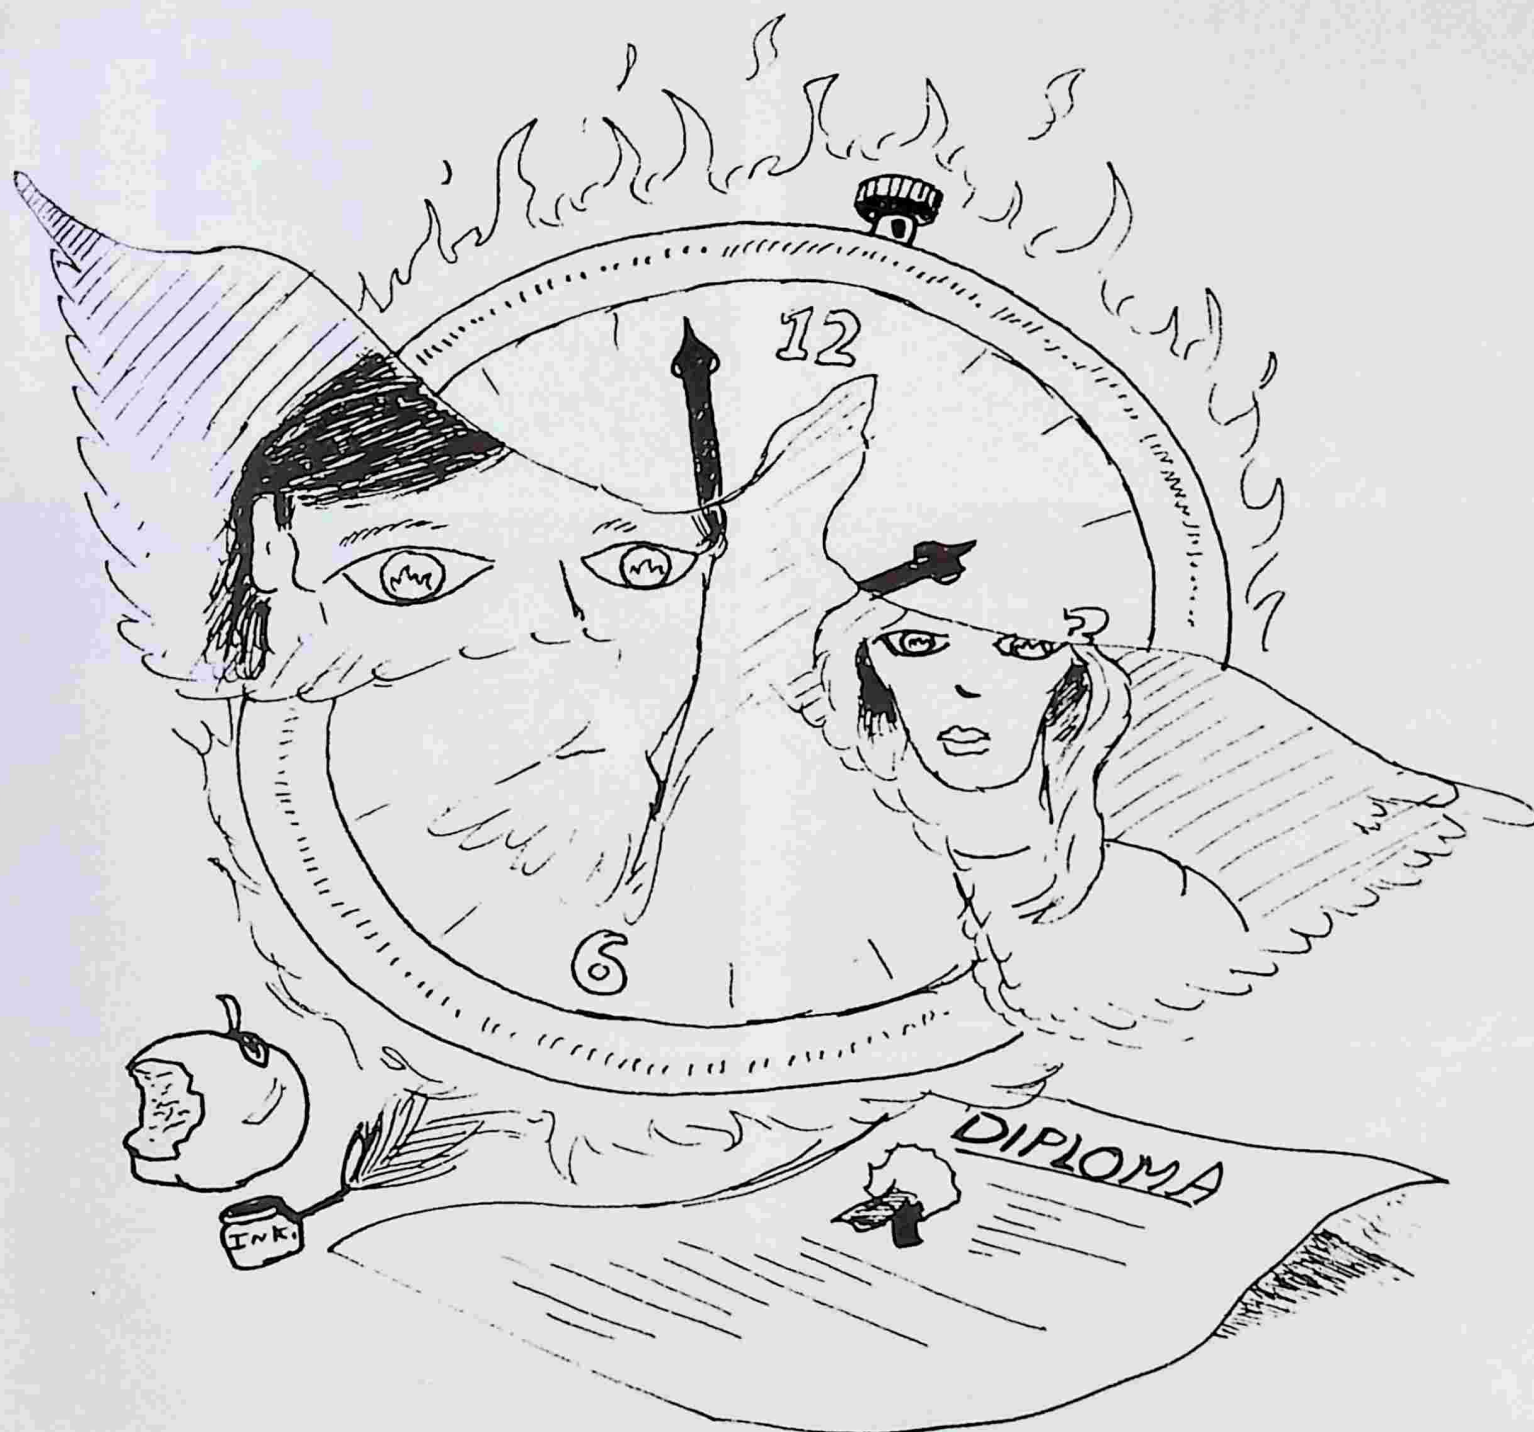

Jennifer Sgambati

Dedication

SENIORS

Within us a flame burns. It is the flame of hope, success, and dreams. It provides the spark to ignite our ambitions and the strength to keep these ambitions alive. Now we take these ambitions with us, Now that it is time to fly.

"CLASS OF '94"

SENIOR TRADITIONS

CLASS COLORS: BLACK/TEAL/MAGENTA

CLASS FLOWER: ROSE

CLASS MOTTO: *Our goals that we've set are ready to be met. Striving for many different things we just wait for that final bell to ring. At times we laugh at times we cry but we all know now that it's "Time to Fly." by Gary Brunick*

CLASS SONG: *"Through the Years" by Kenny Rogers*
*I can't remember when you weren't there,
When I didn't care, For anyone but you
I swear we've been through everything there is
Can't imagine anything we've missed,
Can't imagine anything the two of us can't do.*

CHORUS

*Through the years
You've never let me down
You've turned my life around
The sweetest days I found, I found with you
Through the years
I've never been afraid
I love the life we've made
And I'm so glad I stayed
Right here with you
Through the years*

*I can't remember what I used to do
When I trusted who
I listened to before,
I swear you've taught me everything I know
Can't imagine needing someone so
But through the years it seems
to me, I need you more and more*

*Through the years
Through all the good and bad
I know how much we had
I've always been so glad to
be with you*

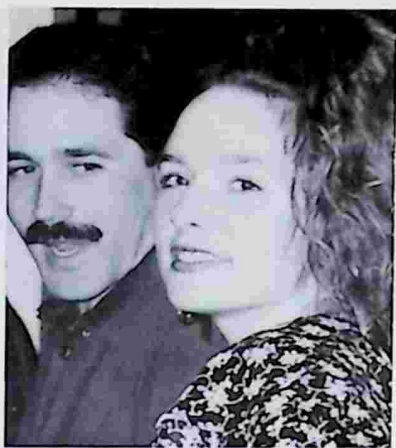

*Through the years
It's better every day
You've kissed my tears away
As long as its okay
I'll stay with you
through the years*

*Through the years
When everything went wrong
Together we were strong
I know that I belong right here with you
Through the years, I've never had a doubt,
We'd always work things out
I've learned what life's about
By loving you through the years.*

Chorus (repeat)

Memories of '93

We've run our course over these thirteen years. This book will be hard to look at without shedding a tear. We'll remember times both bad and good. We've successfully made these the best years we could. Slowly our wings grew big enough to fly. Slowly, we've built up the courage to say good-bye!

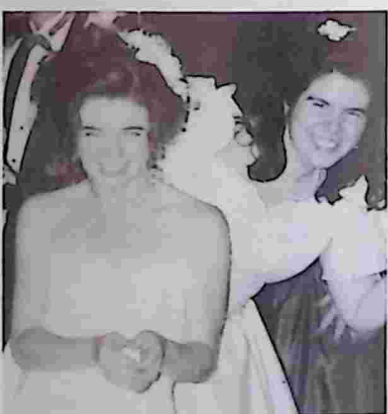

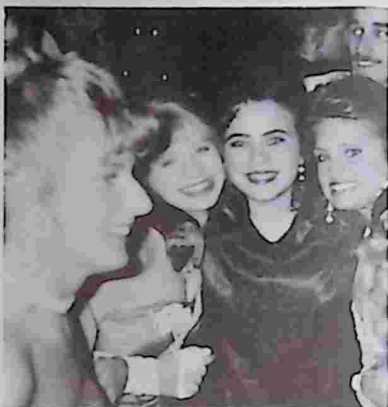

Unforgettable.....

Middle School

They see with a child's colorful eyes,
They hear with a child's curious ears.

With each day they feel the world;
It's gifts, with all, it's fears.

They run with a child's youthful limbs,
They dream with a child's yielding heart.

With each day they work towards their goals
Never knowing for sure where to start.

Elementary

Elementary

Their work consists of a variety of things.
They haven't yet experienced the bells that ring.
Their bodies so small with minds full of wonder.
Most of them fear the sounds of thunder.
They yearn for the day to move to the other school.
The school where all the "BIG KIDS" rule.
There will be a day when they all see, Why?
For the day will come when it's their TIME TO FLY!

To try with all your soul.
Hard work to
Strive for the best.
All these qualities go into
the competition
So win or lose
You come out on top.
Josh Swensen

Clubs

When all academics are finally done, it's time for some students to have a little fun. They will meet as one and work as a team. They'll all have the chance to blow off some steam. When the time comes to see what they've done, it all adds up to about a ton. So the next time you see them working up a storm. Ask one of 'em for a membership form. GTB JR.
