WOMEN OF THE '90s

YOUR QUICKSILVER RAGE AGAINST THE MACHINE

NWO

WWJD

MADE IN

ENGLAND

It started with Rock and Roll in the 50's and 60's, when the youth of the day stood as one. The first rebels to gain respect. The first time a generation had looked at authority, didn't like what they saw and walked away. Their music was different, their clothes were different and they wore Dr. Martens.

Since then the roller coaster of music and fashion has thrown up its own heroes and villains. It has cut across the conventional boundaries. The music has moved on and the tempo is always changing. Many

have found that fame is a fleeting, short-lived moment. But at every step through this kaleidoscope of events that rocked the world, youth has stood firm and they have worn Dr. Martens footwear.

That was how it was. That is how it is. But if you want to take life by the scruff of the neck, if you want to make your statement, give as good as you get and take the world in your stride, you wear Dr. Martens.

Class Motto:

Don't bide your time 'cause it's almost over. I know you're down, and I'll see you around. And I know it hurts, but you're just getting older.

I know you'll win. You'll do it once again.
Just yesterday it seemed like such a dream.

Class Song:

Good Riddance (Time of Your Life)

By Green Day

Another turning point, a fork stuck in the road
Time grabs you by the wrist, directs you where to go
So make the best of this test, and don't ask why
It's not a question, but a lesson learned in time.
It's something unpredictable, but in the end it's right,
I hope you had the time of your life.
So take the photographs, and still frames in your mind
Hang it on a shelf of good health and good time
Tattoos or memories and dead skin on trial
For what it's worth, it was worth all the while
I hope you had the time of your life.

Remember When?

Remember when you used to rush home after school to watch Saved by the Bell and Full House?

Remember when it was so entertaining to call people and prank them endlessly?

Remember when a little note folded into a triangle held all the wonders of the world?

Faculty and Staff Tell About Their Pop Culture

"I wasn't allowed to wear slacks when I was a teenager. I would have loved to wear jeans to school. I couldn't even wear jeans when I started working - those were the rules." - Mrs. Feulner, Math Course II & III Teacher

"I attended a private school. I was involved in extracurricular activities such as captain of the basketball cheerleading squad, yearbook staff, class officer, and I played guitar in our folk group for masses. We had many dances with local bands at our school back in the early 70's." -Ms. Kinowski, 11th grade English teacher/College Writing Teacher

"When I was in high school and college, some big health and political issues were drugs, sexual promiscuity, and mental turmoil caused by Vietnam. For the draft, I was the 35th pick. Everyone said that if your number was below 100, you'd be gone. Then they passed a law stating that if you graduated in 1971 or later, you wouldn't get deferred because of college. Luckily, I transferred enough credits to make me a junior, so I didn't have to go. I just missed it." -Mr. Pagano, Health Teacher

"If you want to get an idea of music from the 80's, listen to some of the rap music of today. A lot of it is just remixes of old songs. Some popular bands when I was growing up were: Sugar Hill Gang, Run DMC, Beastie Boys, Van Halen, Def Leopard, Asia, The Police, Genesis, Journey, Rush, Men at Work, and Prince. Breakdancing was also popular. The music of the 80's was very diverse. At no other time in music history were there so many groups to meet the many needs of listeners."
-Mr. DiPrimio, English Teacher

"Many styles I used to wear in high school have come back around again. Bell bottom pants, hip-huggers, the short skirts, the platform shoes...I wish I had saved all my old clothes. P.S. But would I still be able to fit into them?" - Mrs. DeLaRosa, Secretary to the High School Principal

"Today's popular music is varied and interesting. I enjoy most of it, although I'm not especially impressed by most rap. Unfortunately, the lyrics in many songs promote antisocial behavior and negative values. I sometimes find myself singing along with a song on the radio and being stunned by what I'm actually "saying" when I sing! Give me the protest songs of the 60's and 70's. I'm an oldie."
Mrs. Martin, 12th grade English Teacher

"Stay Gold"

Lyrics by Carmine Coppola, Music by Stevie Wonder

Seize upon the moment long ago, One breath away and there you will be, So young and carefree, Again you will see, That place in time...so gold. Steal away into that way back when, You thought that all would last forever. But like the weather, Nothing can ever...and be in time. Stay gold. But can it be, When we can see, So vividly, A memory, And yes you can, So must the day, too, fade away, and save a ray of sun so gold. Life is but a twinkling of an eye, yet filled with sorrow and compassion, Thought not imagined, All the things that happen will age too old, through gold, through gold.

DESIDERATA

Go placidly amid the noise and haste,
and remember what peace there may be in silence.
As far as possible without surrender
be on good terms with all persons.
Speak your truth quietly and clearly;
and listen to others, even the dull and ignorant;
they too have their story.
Avoid loud and aggressive persons,
they are vexations to the spirit.
If you compare yourself with others,
you may become vain and bitter; for always
there will be greater and lesser persons than yourself.
Enjoy your achievements as well as your plans.
Keep interested in your own career, however humble;
it is a real possession in the changing fortunes of time.
Exercise caution in your business affairs;
for the world is full of trickery.
But let this not blind you to what virtue there is;
many persons strive for high ideals;
and everywhere life is full of heroism.
Be yourself. Especially, do not feign affection.
Neither be cynical about love;
for in the face of all aridity and disenchantment
it is perennial as the grass.
Take kindly the counsel of the years,
gracefully surrendering the things of youth.
Nuture strength of spirit to shield you in sudden misfortune.
But do not distress yourself with imaginings.
Many fears are born of fatigue and loneliness.
Beyond a wholesome discipline, be gentle with yourself.
You are a child of the universe,
no less than the trees and the stars;
you have a right to be here.
And whether or not it is clear to you,
no doubt the universe is unfolding as it should.
Therefore be at peace with God,
whatever you conceive Him to be,
and whatever your labors and aspirations,
in the noisy confusion of life keep peace with your soul.
With all its sham, drudgery and broken dreams,
it is still a beautiful world.
Be careful. Strive to be happy.
