"Please Remember"

LeAnn Rimes

Time, sometimes the time just slips away
And you're left with yesterday
Left with the memories
I'll always think of you and smile
And be happy for the time I had you with me
Though we go our separate ways
I won't forget so don't forget
The memories we made

Please remember, Please remember,
When I was there for you
And you were there for me
Please remember, Our time together
When time was yours and mine
And we were wild and free
Please remember, please remember me

Good-bye, there's just no sadder word to say
And it's sad to walk away
With just the memories
Who's to know what might have been
We leave behind a life and time
We'll never know again

Please remember, Please remember,
When I was there for you
And you were there for me
And remember, please remember me

Please remember, Please remember,
When I was there for you
And you were there for me
Please remember, Our time together
When time was yours and mine
And we were wild and free
Then remember, please remember me

And how we laughed
And how we smiled
And how this world was yours and mine
And how no dream was out of reach
I stood by you, you stood by me
We took each day and made it shine
We wrote our names across the sky
We ran so fast we ran so free
And I had you and you had me
Please remember
